Annual Meeting Recap

The 98th Annual Meeting of the Nob Hill Water Association was held on March 15, 2006. There were 14 members in attendance. Doug Keller was elected to serve a 5 year term on the board.

Copies of the meeting minutes are available in the office.

Irrigation & Landscaping Tips!

Gardening professionals agree that most lawns and yards receive more water than they need. Over watering creates run-off that carries toxic fertilizers and pesticides into our streams. This is not only harmful to wildlife and your plants, it wastes water and money too! The following tips will help protect the environment, keep your yard healthy, and save you money on your water bill.

General Information

1. Apply water only as fast as the soil can absorb it.
2. Water in the evening or early morning when evaporation is least likely to occur. Drip irrigation may be used during the day with little water lost from evaporation. Do not water when it is windy.
3. Water only twice a week. Bi-weekly watering should be sufficient. Water less often if your plants need less moisture.

Holiday Closure:
