

# THE WATER LINE

September, 2007

Nob Hill Water Association

Edition 38

## ***Snow Birds!***

Are you planning on leaving this winter for an extended period of time? Call to have your water meter turned off while you're gone; it will save you the bimonthly minimum charge as well as allow you to stop your sewer billing from the City of Yakima.

## ***Holiday Closures:***

*Veterans Day*  
Nov. 12, 2007

*Thanksgiving*  
Nov. 22-23, 2007

Nob Hill Water  
Board of Trustees

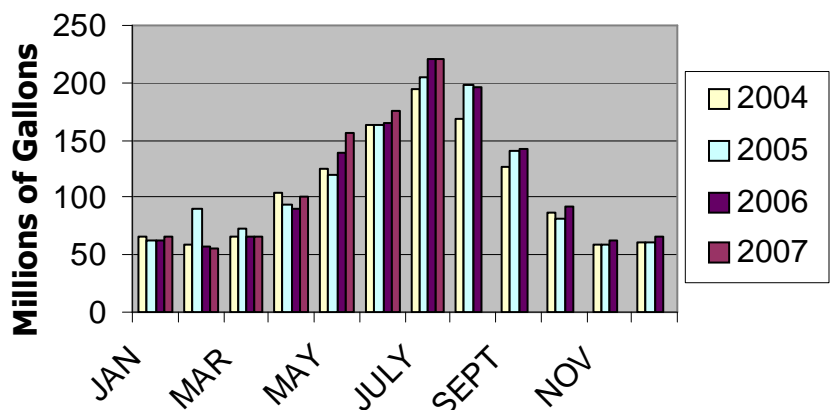

## **Cross Connection 2007**

Our Cross Connection Control program for 2007 is drawing to a close. Our backflow assembly testers have been busy doing annual testing as required by the State Department of Health. A great big ***THANK YOU*** to all of our customers who have installed the correct backflow devices. Cooperation from our customers has been excellent and your compliance is greatly appreciated!

## **DON'T FREEZE!**

DON'T let that backflow device freeze this winter. Make sure the device is removed for the winter, or is properly protected against the freezing weather soon to return. If the device is not properly stored, it will NOT pass the annual test and will need to be replaced.

## **Water Usage History**

John Fairbrook, President  
Jim Allison, Vice President  
Jeff Stevens, Treas./Sec.  
Doug Keller, Trustee  
Don Emerick, Trustee

## ***Nob Hill Water Welcomes.....***

*Paul joined the Nob Hill Water crew in December of 2006. Paul has been busy installing new water main, new services, and maintaining existing water line. He and his wife live in Naches with their two beautiful children.*

*If you call our office you will hear a new voice. Becci has joined the Nob Hill Water office staff in December of 2006. She is originally from Yakima, but lived in Athens, Ohio, for a number of years before returning to the Valley in 2005.*

***We're so glad they've joined us!***

*Be sure to check out our new website !!!!!*  
[www.nobhillwater.org](http://www.nobhillwater.org)

## **What's Ours? What's Yours?**

On Nob Hill Water's system, the water mains, service lines from the main to the meter, meters, and meter boxes belong to the Association. Your line, from the meter to your residence or business, is your responsibility to repair if you have a leak. If you should have a problem with our meter or meter box or need your meter turned off, please contact our office at 966-0272. We will be out to check the matter in a timely fashion. We have someone on duty after business hours in case of an emergency. If there is any question regarding responsibility, please call our office (509)966-0272.

Thanks!

### **CALL BEFORE YOU DIG!!**

If you are planning on doing any digging on your property, for your safety, please call **2 working days before you plan to begin.** There is no charge for this service.
